

Heads Up

No Pay Report Next Week

Pay Reports Moving to a Week Later

Your State pay report for **April 6** won't be available until **April 16**. You will not see a pay report to process when you login next week.

The payroll file takes a reeaally long time to process. And this weekend we have the system tied up with moving everything to the new EWP. Sorry for causing a kink in your schedule.

But...you can submit work on any other reports you haven't sent yet.
