

Working After Retirement Rate Change July 1

Reminder

Your regular employer contribution rate for employees working after retirement will go to **13.21%** as of **July 1, 2018**.

Remember: Employer rate for working after retirement goes up to 30% when these employees' wages go above \$25,000 for the calendar year.

Summer Pay

Don't forget to figure in the rate increase if/when calculating lump-sum summer pay.
