

KPERS Optional Life Insurance

Open Enrollment

KPERS' optional life insurance **open enrollment** is **September 1-30**. Most members can apply for new coverage or increase their current coverage without answering any health questions. This is called guaranteed coverage.

This coverage becomes effective January 2019.

Information for Members

On **August 30**, KPERS will send you an email to forward to employees with information about open enrollment and the online enrollment process. You can also download the flyer and poster at kpers.org/optionallife, along with other available resources.

Personalized Enrollment

When members login to their online KPERS account they'll see *personalized* info.

- Any current coverage
- Guaranteed coverage eligibility
- Premiums for new coverage

We understand that online enrollment may not work for everyone. That's why we have a [paper enrollment form](#) if someone needs it.

If members apply for more than the guaranteed coverage amounts using the paper form, The Standard (our life insurance provider) will contact them directly with a few health questions.

Enrollment Confirmation

Employees enrolling online will get an immediate confirmation. Employees using a paper form will get a confirmation letter in early December for coverage starting January 1. We'll also send you a coverage report in early December for all employees, so you can make any needed premium changes for 2019 in your payroll system.

What's next?

Watch for the member email from KPERS on August 30, then forward it to members.
