### Don't Skip – Sign Up & Join Us

With workshop webinars starting November 6, you'll need to [sign up now](#) to ensure a spot. Thinking about skipping?

#### Top 3 Reasons to Skip Workshop Webinars

I know this stuff already.

I'm too busy.

I already went to an in-person seminar.

#### Why You Should Sign Up Anyway

We've put in new info and cover a lot. It's a good chance to catch up, brush up & ask questions.

Webinars are 60 minutes. Listen on headphones while you work, and click over when you can.

That's awesome! We break up webinars by topic. So you can pick the 1 or 2 sessions you want (we recommend all 3).
