

Employer Updates

Security Enhancements

Security Info

Starting Monday, **December 17**, you'll see a new screen as you login to the EWP. It has important security information and requirements that you should read.

After reading, just click the "OK" button to finish your login.

New Account Expiration Policy

Starting Monday, **December 17**, we'll begin deleting EWP accounts that have been inactive for **90 days**.

For all EWP roles, the system will send an email to notify designated agents:

- It's been **45 days** since the last login.
- It's been **83 days** since the last login, and the account will be deleted in 7 days.
- It's been **90 days** since the last login, and the account has been deleted.

Enhanced Security

KPERS has solid security already in place. But these and future improvements will boost our defense against potential breaches.

Thanks for partnering with us in this effort.
